according §8, Application for admission to the doctoral examination procedure

The application for admission to the doctoral examination procedure must be submitted in writing to the Dean. The applicant must include the following documents with the application:

1. four copies of the dissertation into which a signed declaration confirming the following must be bound:
 - a) that apart from the supervisor's guidance the content and design of the thesis is all the doctoral candidate's own work,
 - b) whether the thesis has already been submitted either partially or wholly as part of a doctoral degree to another examining body and whether it has been published or submitted for publication;
 - c) that the thesis has been prepared subject to the Rules of Good Scientific Practice of the German Research Foundation;

as well as the dissertation in electronic format for procedures at the Faculty of Engineering;

2. a brief outline of the applicant's academic career including details of nationality, place of birth, degree programmes undertaken and number of semesters of study spent at individual universities;
3. supporting documents for the degrees listed as a requirement under § 6 in the form of a degree certificate and any other university certificates;
4. information on the intended doctorate, Dr. rer. nat. or Dr.-Ing.;
5. a declaration of any previous attempts at doctoral degrees, stating date, faculty or department and research topic;
6. a current certificate of good conduct;
7. two persons suggested by the supervisor as possible second examiner; and
8. a letter written by the supervisor on the doctoral candidate's own contribution to publications that are the work of several authors.
