Request for a Bachelor/Master topic or lab replacement course

Name
E-Mail
Study course
Preferred starting date
Type of work ☐ Bachelor thesis ☐ Master thesis ☐ Lab replacement
Preferred topic ☐ Polymer thin films and nanocomposites via iCVD ☐ Nanoparticles for functional nanocomposites ☐ Photocatalysis and functional surfaces ☐ Magnetic thin films and magnetoelectric sensors ☐ Proposal for self-chosen thesis topic:
I would not mind if the topic involves programming or computational simulations ☐ Programming / simulations ☐ No programming / simulations
